## PRODUCTS

**CLASS 3313 83** - HOSES (GAS) - Flexible Metallic-Certified to U.S. Standards

The 'US' indicator adjacent to the CSA Mark signifies that the product has been evaluated to the applicable ANSI/UL Standards, for use in the U.S.. This 'US' indicator includes products eligible to bear the 'NRTL' indicator. NRTL, i.e. National Recognized Testing Laboratory, is a designation granted by the U.S. Occupational Safety and Health Administration (OSHA) to laboratories which have been recognized to perform certification to U.S. Standards.

December 21, 2006

Mason Industries, Inc.  
360 Rabro Drive  
Hauppauge, NY 11788  
Attn: Mr. Mark Laboe

Dear Mr. Laboe,

**Subject: Certification of Flexible Metallic Hose.**

Dear Mr. Laboe,

We have completed the certification testing for the Flexible Metallic Hoses and have found them satisfactory to the requirements of:

**ANSI/ UL 536 Flexible Metallic Hose**

The certification report will be number 230720-1764990. This report will contain the certificate of compliance as well as a product description and drawings for the model approved. The following will be the applicable mark to be displayed along with the companies name and appropriate standards designation:

Please note your certification number in any future correspondence regarding the above mentioned product.

Thank you for your certification business, and we look forward to working with you in the near future.

If you have any questions or concerns, please feel free to contact me.

Best regards,

A handwritten signature in blue ink that reads 'Ken Loewenthal'.
